

City Island Yacht Club Saturday Seminar

May 4, 2019

Hosted By City Island Yacht Club (CIYC)/Westchester Sail and Power Squadron (WSPS)/City Island Sail and Power Squadron (CISPS)

Two 2 hour United States Power Squadron seminars in one day:

- **How to use a chart** - Whether you're planning a cruise, going fishing, or traveling to a local marina, knowing how to read and use nautical charts is essential to safe boating.
- **Introduction to Navigation** – An introduction to determining safe routes, creating waypoints in your Chartplotter and other GPS devices, and basic electronic navigation and planning using the free downloadable *OpenCPN* software. This seminar is a great foundation for advanced courses that teach piloting and celestial navigation skills.

HOW TO USE A CHART – 2 hours

What's Included?

- What charts show navigators above the water
- Chart features
- Chart scales
- What charts show navigators below the water
